

Rivelin Valley Walk

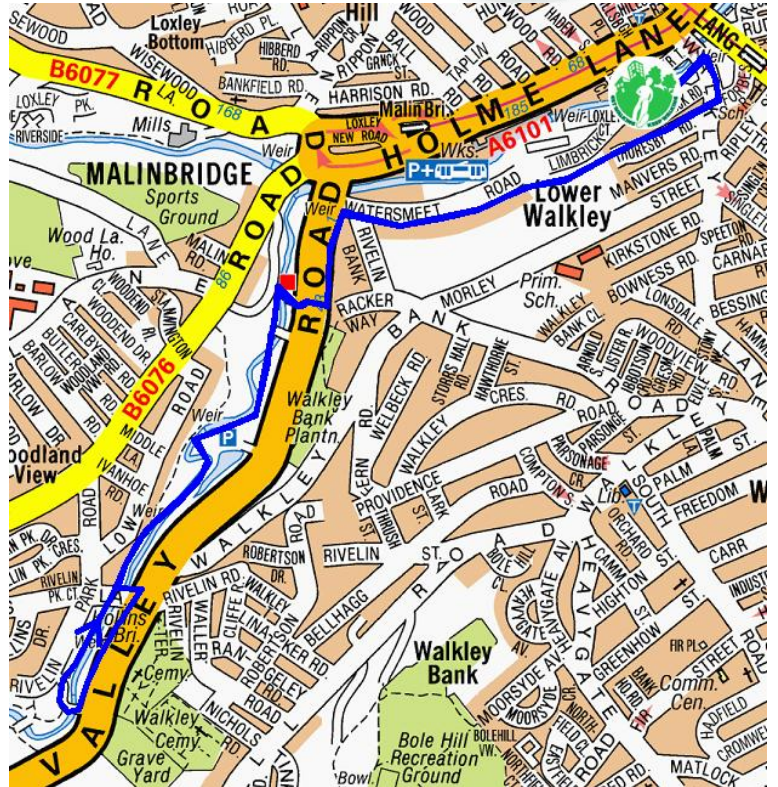

65 Minutes 2.6 Miles 4.2 Kilometres Easy

Starting from Limbrick Centre

www.getwalking.org.uk

(1) Start from Limbrick NHS Centre. Turn right to Walkley Lane and after few meters turn right again into Thoresby Road. At the end of the road take footpath which curves gently to the right. Walk the footpath and soon turn right to a short path which will take you to Watersmeet Road. Walk down the road, in few minutes time you will reach main road (Rivelin Valley Road), turn left and go up the road. In a minute or two you will see Fire Station building on you right hand side. Cross the road, few meters after passing the station you will find a bridge which will take you to the other side of the Rivelin River. After passing the bridge turn left.

Now relax and enjoy the Rivelin Valley!

(2) The river will lead you for the rest of the walk - just follow the path close to the river. When you reach stepping stones turn left and continue with Rivelin on your left hand side. After few minutes path will take you back to the main road for a while. On your right hand side you will find the Hollins Lane Bridge. Cross the bridge and immediately after the bridge cross the road and continue your walk on the 'Easy going trail' footpath.

Hollins Bridge in the snow

The footpath will take you to the 'Rivelin Park Cafe' (open Mon-Sun, 9am - 5pm) where first part of your walk ends.

(3) Enjoy the cafe and playground behind it.

You can extend your walk from here if you want - information board at the cafe will help you to find further attractions.

When you are ready to return, take the same footpath back. As you already walked the path one way, the return instruction is less detailed. When leaving the cafe walk with Rivelin on your right hand side. Cross the Hollins Lane bridge and turn left after the bridge.

(4) After a few meters, on your left hand side, you will find the footpath which will lead you back to the river. When you reach a bridge near main road - remember to cross the bridge and turn left. Cross the road as you near the fire station, after few minutes turn right to Watresmeet Road.

At the end of the road turn right and then immediately left on to the footpath which will take you to Thoresby Road. Go down the road and after few minutes you will reach Walkley Lane. Turn right and in a minute you will see Limbrick Centre on your left hand side where you walk ends.
